School Mission Statement

Our school's mission is to enable each student to attain his or her highest potential and to prepare them to become successful, productive members of society. We firmly believe that all children have the potential to achieve when the proper environment is established and recognize that we must provide every student a variety of productive educational activities. We will continue our collaboration with parents and community to fulfill these goals.

We realize that our primary responsibility is to safeguard and nurture all the children we serve while they are at school.

Principal's Statement

It is our school philosophy to provide our students with a valuable educational experience in an atmosphere that fosters a sense of belonging. We are most proud of the outstanding academic results our students consistently obtain, our large level of parent participation, and the enjoyment our students express in attending our school.

Special Academic Programs

Children are exposed to a complete program of academic, cultural and technological activities. It is our goal to enrich our students lives and expand their interests while we continue to enjoy academic success.

Extracurricular Activities

Students can receive academic and cultural programs in a variety of after school and Saturday programs.

Community Support

We have an affiliation with Maspeth Town Hall which provides our students the opportunity to have formalized dance classes.

Parent/School Support

Staff and guest speakers provide parents with workshops on all aspects of our educational program and on state and city mandates. Our Parent Association President and Parent Coordinator work closely together to achieve this goal.
