

2005-2006 ANNUAL SCHOOL REPORT

District 75

P.S. 233

New York City Public Schools
Joel I. Klein, Chancellor

Age Level of Students: 6 to 21

School Mission Statement

The vision/mission at P. 233Q is that we believe: Our students have the right to an individualized program that would enable them to participate as independently as possible in their homes, schools, and communities. Our students have the right to express themselves in a socially appropriate fashion, utilizing whatever communicative adaptations that are necessary to meet that end. Our students have the right to experience instruction in a variety of normalized settings. Our students have the right to be exposed to, and involved with, literacy activities and materials. Our students have the right to have an educational program that addresses all areas of the NYS Standards. Our students' parents have the right to be an active part of the development, assessment, and implementation of their son/daughter's educational program. Respect should be a two way street and should be extended to, and received from, administration, students, staff, parents and other stakeholders.

Principal's Statement

P233Q is a school for children who need a place to learn at their own pace, and to explore their environment with whatever supports are needed to achieve success. It is a long and wonderful partnership between students and parents that allows our staff the privilege of watching the children master new skills and achieve goals that may have seemed impossible when they arrived at school. Through a broad range of activities, our children investigate academic concepts, learn about other people in the world around them, develop their communication skills, increase their independence and learn to appreciate the written word.

Special Curriculum Programs

Our school has programs for SIE I, III and V students, as well as inclusion programs for elementary, intermediate and high school students. We are involved with several special projects including working with Dr. Roger Cox, Ann Meyers and Carol Musselwhite.

Community Support

Our school has developed an extensive literacy program and we continue to foster our linkage with the Queens Public Library. Our high school students are involved in job sites in the community and all our students are frequent visitors to community locations.

Parent/School Support

The school has an active PTA. The parents are involved on the School Leadership Team, as well as providing necessary supplies to our classrooms as a result of fundraisers. We developed a parent lending library this year, and parents can borrow videos and books based on topics that can assist them with their child.

STATE AND CITY TEST RESULTS IN ENGLISH LANGUAGE ARTS (ELA)

New York State and New York City adopted new assessments in 1998-99 to measure students' achievement of new, higher standards. The City ELA test is administered to students in Grades 3,5,6, and 7 and the New York State ELA is administered to students in Grades 4 and 8. Last year, in order to facilitate comparisons of scores from 2002 through 2004, 7th grade scores were excluded for all three years since the Department of Education and its test publisher agreed that the 2002 results for 7th graders should not be used. This year, 7th grade scores are included for all three years since this report does not include 2002 results.
