School Mission Statement

In today's society, schools have been given innumerable tasks to perform. Elementary schools are among the first institutions, outside the family, to take on the task of educating the children of the future. P.S. 1 is committed to educating each child to the highest level he/she can attain. We are dedicated to imparting the skills and knowledge that will help each child live a fulfilling, productive life as a responsible citizen in our society. We value integrity, partnership, initiative, and discipline, and are dedicated to excellence. The success of our mission depends on the effectiveness of teachers, parents, and administrators working together for the benefit of our children.

Principal's Statement

We have a diverse, energetic, enthusiastic student population. They willingly participate in all school sponsored activities, such as the Science, Social Studies and Ecology Fairs, Storytelling and Spelling Bees, Drug Abuse Prevention contests, wildlife preservation, Reading Incentives, as well as many other school programs. The PTA and the faculty work diligently to make P.S. 1 a better place. The staff is receptive to new ideas and is constantly striving for improvement. I am very proud of the fact that this school is a warm, supportive place for children to learn and grow.
