### School Mission Statement

*With the vision of PS 11 as a community that loves to learn, individual talents are recognized and achievements are celebrated. People draw from personal experience to better understand literacy, mathematical, scientific and social concepts. Parents, teachers, students and community leaders work collaboratively to improve student achievement. Standards are set high so that students can achieve, perhaps even surpass, their own expectations.*

*The mission of PS 11 is to improve overall student achievement through inquiry, standards based learning. By providing children with creative tools to learn and grow, such as exploration of subject and material, self-expression and exposure to the arts, we give PS 11 students the ability to creatively approach their learning. This foundation will allow them to approach learning and challenges beyond their school experience.*

### Principal's Statement

Public School 11 has been serving the Dongan Hills community since 1899. It was recently voted "The cleanest school on Staten Island." Its environment is warm and friendly with beautiful displays of authentic student work and "celebrations" of student achievement. Small class size allows for differentiation of instruction and creates a family-like atmosphere.

PS 11 has made significant improvements in literacy instruction, which continues to serve as a vehicle for improvement across the curriculum. Schoolwide Enrichment will further develop individual talents and will help all children achieve even higher standards.
