### School Mission Statement

*Our mission at Public School 16 is to provide an enriching, challenging curriculum to all children in our multicultural, multi-ethnic school, while recognizing their unique talents as we prepare them for lifelong learning in the twenty-first century. The safe environment of our school will foster sensitivity, civility, and a mutual respect amongst all partners in learning: students, parents, faculty, staff, and community. We strive to educate children, emphasizing literacy and mathematics while maintaining high expectations. We create an environment of enrichment, incorporate technology and differentiate instruction to accommodate our diverse learners and multi-cultural population. Public School 16 is committed to accomplishing this mission through efforts based on interdependence, mutual support and respect, innovative programs and teamwork. We will accomplish great deeds as a "Community of Learners Excelling Together".*

### Principal's Statement

We are proud of the achievements of our over 1000 students who come from economically and culturally diverse backgrounds. We were honored in the fall of 2006 by CEC as one of the most improved schools in our district. Collaboration, assessment and professional development have propelled us forward in reaching our goals. The students in our dual language program will be bi-literate, bi-lingual and bi-cultural by fifth grade. The Arts is a central point of study for all students. Our fourth and fifth graders have the option of participating in an Environmental or Arts Program, studying Band, Strings, Visual Arts, Photography, Choral Music or Drama.
