### School Mission Statement

*P.S. 30 services the children of the Westerleigh community and some of the surrounding areas of the North Shore of Staten Island. The school is a reflection of the community it serves. The strength of our program lies in the fact that our children come to school well-prepared and eager to learn. By successfully involving their parents, we will be able to clearly define our goals and objectives and establish standards that we are confident our children can meet or exceed. We are prepared to build on this strength and provide the children with a strong foundation in basic academic and social skills. This simple, yet important, philosophy will serve the graduates of P.S. 30 well. By providing children with a positive experience in a wholesome environment, our children will develop a positive attitude toward lifelong learning.*

### Principal's Statement

P.S. 30, strives to provide children with a positive attitude toward becoming lifelong learners. This is accomplished through a joint effort between parents and teachers. This continuous pursuit of excellence is built on the foundation that an experienced and seasoned faculty, with strong parent involvement, can and will produce the highest quality education for our children. We will meet this challenge by addressing individual needs and providing enrichment in all areas of the curriculum. All children placed in our trust will receive the highest quality education and will be afforded every opportunity to meet the highest performance standards.
