School Mission Statement

Our long term goal is to have all students actualize success through standards based, data driven instruction. The New Dorp Elementary School is dedicated to educating all children to their fullest potential. P.S. 41 promotes integrity, collaboration, initiative and discipline. Our success is the result of the effectiveness of our highly qualified teachers, dedicated parents and instructional leadership working together to nurture the whole child. As a result, we produce lifelong learners who are able to meet the challenges of the 21st century.

Principal's Statement

P.S. 41 is distinctive in part because of the reciprocal feeling of warmth generated by the staff and family at PS 41. The administration and staff are committed to providing customized education for all students. A comprehensive instructional plan was developed that supports all learners. The Schoolwide Enrichment Model engages students in researched based projects. A wide range of Academic Intervention Services is provided in ELA and Mathematics. Creative thinking, problem solving skills, inquiry based learning and questioning skills are promoted so that all students can meet or exceed their potential.
