### School Mission Statement

*At Mott Hall III we strive to create leaders in Math, Science, Technology and the Humanities by planning and implementing a rigorous curriculum, which will enable our students to rise to the top of any field. We aim to give our students almost unlimited access to technology in order to complete a project-driven curriculum, which has been shown to be the most effective way to educate middle school students. Our goal is to develop and educate the 'whole child' through activities that enrich our students' experiences.*

### Principal's Statement

Mott Hall III is dedicated to serving its students. As a small grassroots organization, we concentrate on our primary mission – providing quality instruction. We are continually reflecting on the teaching and learning process at our school. We have achieved excellent results in our first four years, and we are dedicated to continuing our success.

### Special Academic Programs

Interdisciplinary project-based units of study have been developed to provide enrichment for all our students at Mott Hall III. We offer a wide range of academically oriented programs such as robotics, documentary film making, literary magazine and photography.

### Extracurricular Activities

Enrichment programs are scheduled as part of the school and extended day. Currently we offer chess, literary magazine, photography, yoga, documentary film making, art, robotics, community service learning, and sports.

### Community Support

Mott Hall III has built alliances that will benefit the entire school community. We have forged several outside partnerships, i.e., DreamYard, Chess-in-the-Schools, Montefiore School Health Center, Replications Inc., and the American Ballroom Theatre.

### Parent/School Support

Our parent coordinator facilitates a variety of parent meetings and workshops. She welcomes parents and other community members into our school; the Mott Hall III Parent Center is always open. Our parent coordinator works closely with our social worker on school projects and communications between home and school.
