School Mission Statement

The staff, students, parents and community of M.S. 180 are devoted to academic excellence and the cultivation of individual strengths and talents in a safe and supportive environment. A school where individual differences and the respect for the rights of others guide the school and community behavior. The Arts are a vital component to the educational philosophy at the Dr. Daniel Hale Williams Middle School. The Arts provide the motivation, the challenge, the direction, the recognition, and the self-esteem essential to the emotional, social, and academic success of our students. The school curriculum affords each student the opportunity to achieve and demonstrate high standards in many domains including the arts, academics and athletics. Our goal for all students is to prepare them to become productive and responsible members of the culturally diverse global community. To encourage each one to be the best that they can be.
