### School Mission Statement

*The mission of the New Millennium Business Academy is to create an environment steeped in the tradition of academic excellence with an appreciation towards the world of work. Our stakeholders subscribe to the preparation of our students as entrepreneurs, researchers, and moral productive citizens who will serve as leaders in the community at large. NMBA unites the worlds of school, home, and community in a joint effort to nurture and support the adolescent learner via designing a rigorous standards based hands-on curriculum that is engaging and relevant; thus allowing students the opportunity to participate in an environment where learning how to learn is valued and pervades what is taught. We believe that schools should be safe and fun. Therefore, learning becomes a life-long pursuit in our quest to become literate adults in a technologically advanced society.*

### Principal's Statement

The New Millennium Business Academy was founded by the Principal and a team of dedicated educators, parents and students. Students typically leave their middle schools and are ill-prepared for the coursework they will need to succeed in high school. NMBA endeavors to expose our students to the world of work via a weekly Business Environment Program. The staff for this program has been trained by the National Foundation for Teaching Entrepreneurs (NFTE). We encourage our students to make choices by providing them with opportunities throughout the year to make choices relevant to their lives and talents. We offer clubs and advisory to all of our students.
