In This Report:

Each school's Progress Report (1) measures student year-to-year progress, (2) compares the school to peer schools and (3) rewards success in moving all children forward, especially children with the greatest needs. The Progress Report measures four areas:

**School Environment**

uses parent, teacher and secondary student surveys to measure necessary conditions for learning: academic expectations, communication, engagement and safety and respect.

**Student Performance**

evaluates a high school's success in graduating students.

**Student Progress**

evaluates annual student advancement toward graduation through credit accumulation, passed Regents, and attendance. In the weighted Regents pass rate measures, schools receive more points if they are able to help high need students pass the exams.

**Closing the Achievement Gap**

gives schools additional credit for moving high-need students toward graduation.

*The back page provides specific information about how the school performed in each of these areas.*

**Quality Review Score**

This school did not receive a Quality Review in 2008-09.

**State Accountability Status**

Based on its 2008-09 performance, this school is:

In Good Standing

This status is determined by the New York State Department of Education under the No Child Left Behind (NCLB) Act. It is separate from the school's Progress Report Grade.

## Additional Information

### Closing the Achievement Gap

Schools earn additional credit when their high-need students make exemplary gains. These gains are based on the percentage of high-need students earning 11 or more credits during the year. This measure of progress is highly predictive of high school graduation.

Schools can also earn additional credit based on their percentage of high-need students graduating with a Regents Diploma or better.

This component can only improve a school's Progress Report grade. It cannot lower a school's grade.

Credit	Exemplary Proficiency Gains	Additional Credit Category
<b>Credit Accumulation</b>		
-		English Language Learners
+1.25	41.0%	Special Education Students
	33.4%	Overage / UnderCredit Students
<b>Regents Diploma</b>		
-		English Language Learners
-		Special Education Students
-		Overage / UnderCredit Students

(-) indicates less than 15 students in this category

### Peer Schools

Each school's performance is compared to the performance of schools in its peer group. Peer schools are those New York City public schools with a student population most like this school's population. Each school has up to 30 peer schools.

For Transfer Schools, peer schools are determined based on two factors: 1) the average ELA and Math proficiency levels of the school's students before they entered High School and 2) the percentage of special education students. A lower peer index indicates a higher need population.

The Progress Report is a key component of Mayor Michael R. Bloomberg's and Chancellor Joel I. Klein's Children First reforms. The Progress Report is designed to assist administrators, principals and teachers in accelerating the learning of all students. The Progress Report also enables students, parents and the public to hold the NYC of Education and its schools accountable for student achievement and improvement and for ensuring a high quality education for every student in NYC's public schools. ## HOW TO INTERPRET THIS CHART

A school is evaluated by asking how far its score in each category has moved along the range of scores for peer schools. These charts show that movement as a percentage. In the example to the right, the school's score is 75% of the way from the lowest to the highest score among its peers.

If a school performs at the top end of the range, the bar will be fully shaded. If a school performs at the low end of the range, the bar will not be shaded. If a school performs in the middle of the range, half the bar will be shaded.

Graduation Rate  
95% 75.0%

In this example, the school's graduation rate is 95%. This is 75% of the way from the lowest graduation rate at any school (80%) to the highest graduation rate (100%).

Below, the green charts compare the school to all other schools in its peer group. The ranges are based on the outcomes of these schools from 2005-08.
