

**NYC School Survey  
2012-2013 Report**

Principal: Reginald Richardson  
 School Type: High School  
 School DBN: 19K507

Dear Members of the School Community,

This report tells you what parents, teachers, and students said about learning conditions at your school in our annual survey. This information is designed to support a dialogue among all members of the school community on how to make the school a better place for learning.

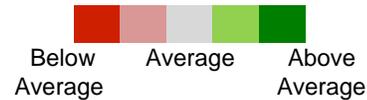

Taking the time to reflect on how well we serve children is an important step in improving our schools. I encourage schools to plan opportunities to discuss these survey results with the school community, and integrate this feedback into preparation for the school's Comprehensive Education Plan and Quality Review.

Dennis M. Walcott  
 Chancellor

**What do the colors mean?**

These colors indicate how the survey satisfaction scores at this school compare to the satisfaction scores of all High Schools this year. Green indicates scores above the average, gray indicates average, and red indicates scores below the average.

This year, constituents generally reported high levels of satisfaction across the City. Therefore, it is possible to have positive survey responses and be below average compared to other schools. Readers should consider the survey responses in this report both on their own and in the context of responses from other schools.
