

School Quality Guide

2013-2014

School: Isaac Newton Middle School for Math & Science
 DBN: 04M825
 Principal: Lisa Nelson
 School Type: Middle

In this report:

School Overview	1
School Quality Guide Summary	2
Quality Review	3-4
Graphs Walk-Through	5
Student Progress	6
Student Achievement	7-9
School Environment	10
Closing the Achievement Gap	11
Summary of Section Ratings	12-13
Additional Information	14
Peer Group Schools	15
Metric Targets for 2014-15	16-17

School Overview

Grade	Enrollment		
	2011-2012	2012-2013	2013-2014
Grade 6	115	104	112
Grade 7	124	118	94
Grade 8	119	124	118
All Students	358	346	324

Student Population Characteristics	2011-2012	2012-2013	2013-2014
% English Language Learners	12%	11%	11%
% Students with IEPs	17%	22%	25%
% Students with IEPs (less than 20% time with non-disabled peers)	0%	1%	0%
% Free Lunch Eligible	69%	87%	87%
% Overage	-	3%	4%
% Asian	3%	4%	3%
% Black	23%	28%	29%
% Hispanic	73%	66%	65%
% White	1%	2%	2%
% Other	0%	0%	0%
Average Incoming ELA Proficiency (based on 4th grade)	-	2.79	2.40
Average Incoming Math Proficiency (based on 4th grade)	-	3.22	2.66

State Accountability

The school's current status: **Focus**

This designation is determined by the New York State Department of Education under the Elementary and Secondary Education Act (ESEA) Flexibility Waiver. More information on New York State accountability can be found here: <http://schools.nyc.gov/Accountability/tools/accountability/default.htm>.

Dates of Review: April 29 - 30, 2013

Principal at Time of Review: Lisa Nelson

QR Lead Reviewer: Teresa Caccavale

The Quality Review is an evaluation of the school by an experienced educator based on a formal school visit. The educator observes classrooms and engages in conversations with parents, students, teachers, and school leaders to assess schoolwide practices. The Quality Review report provides specific feedback to support the school's efforts. The information displayed here reflects the most recent year that a Quality Review was conducted at this school. Some schools will not have Quality Review information if they opened within the last two years or if their most recent review took place prior to August 2010.

To what extent does the school...

1.1 *Ensure engaging, rigorous, and coherent curricula in all subjects, accessible for a variety of learners and aligned to Common Core Learning Standards and/or content standards?*

PROFICIENT

Excerpt: The school has aligned curricula across grades and subjects, integrated Common Core Learning Standards (CCLS), and are aligning tasks into instructional units to meet the academic needs of all students.

1.2 *Develop teacher pedagogy from a coherent set of beliefs about how students learn best that is informed by the instructional shifts and Danielson Framework for Teaching, aligned to the curricula, engaging, and meets the needs of all learners so that all students produce meaningful work products?*

DEVELOPING

Excerpt: Enhance teaching strategies, in order to enrich student participation, thereby increasing opportunities for further development of critical thinking skills.

2.2 *Align assessments to curricula, use on-going assessment and grading practices, and analyze information on student learning outcomes to adjust instructional decisions at the team and classroom levels?*

DEVELOPING

Excerpt: Deepen the use of formative assessment data to support instructional planning in order to make adjustments to meet the learning needs of all students.

3.4 *Establish a culture for learning that communicates high expectations to staff, students, and families, and provide supports to achieve those expectations?*

PROFICIENT

Excerpt: The principal communicates high expectations focused on student performance and is developing a system of accountability to accelerate learning for all students.

4.2 *Engage in structured professional collaborations on teams using an inquiry approach that promotes shared leadership and focuses on improved student learning?*

DEVELOPING

Excerpt: N/A - This indicator was rated but not written about in the school's final report.

Dates of Review: April 29 - 30, 2013

Principal at Time of Review: Lisa Nelson

QR Lead Reviewer: Teresa Caccavale

Areas of Celebration

- Rigorous, engaging and coherent curricula aligned to the Common Core Learning Standards
- Structures for positive learning environment, inclusive culture, and student success
- A culture of learning that communicates high expectations with supports

Areas of Focus

- Regular evaluation school level decisions that support the expectations of the Common Core Learning Standards
- Curricula-aligned assessment practices that inform instruction
- Research-based, effective instruction that yields high quality student work

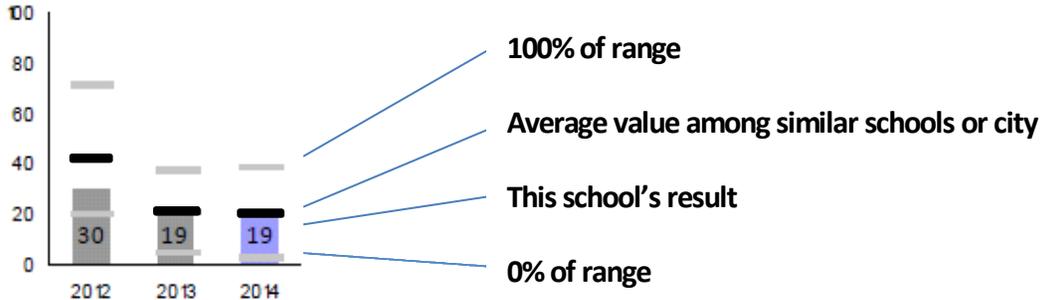

How to Interpret the Graphs Used in the Remainder of the Report

Most of the metrics in the report are presented through two standard graphs, which are intended to help place the school's performance in context.

Graph Showing Metric Values

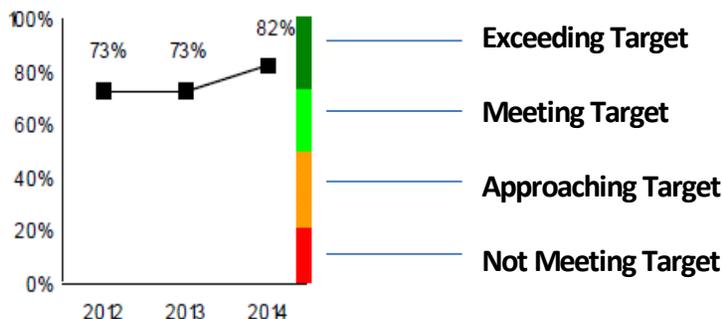

This graph shows the school's performance on each metric over the past three years, as well as the range of historical performance by peer schools and citywide schools used in the School Quality Guide (or Progress Report) for those three years. Peer schools for an elementary or K-8 school are similar along the following student population characteristics: Economic Need Index, percent of students with disabilities, percent of black or Hispanic students, and percent of English language learners. Peer schools for middle schools are similar along the following student population characteristics: students' average proficiency on 4th grade ELA and math tests, percent of students with disabilities, and percent of students two or more years overage upon entry into 6th grade. Peer schools for high schools are similar along the following student population characteristics: average 8th grade ELA proficiency, average 8th grade math proficiency, percent students with disabilities, percent students with self-contained placements, and percent over-age students.

- The vertical bars show the school's values on the metric for the last three years, with the school's numerical values (e.g., **30, 19, and 19** in the example below) displayed at the bottom of the bars. These bars can show trends over time in the school's own performance.
- Each year, the School Quality Guide compares the school's performance against multiple years of historical performance by peer and city schools. The middle horizontal line, in black, shows the average from this pool of historical performance by peer schools or the city, depending on which comparison group is being used. Comparing the top of the vertical bar with this black line shows whether the school is above or below the average of the pool of historical results achieved by the comparison group.
- The top and bottom horizontal lines, in gray, show the top and bottom of the "range" of historical values for the comparison group. The range spans two standard deviations above and below the average; in general, this range contains approximately 96% of the values attained by schools in the comparison group. The lower gray line shows the value at the bottom of the range for the comparison group and the higher gray line shows the value at the top of the range for the comparison group. The position of the vertical bar between the two gray lines shows visually where the school falls within the distribution of results achieved by the comparison group.

Graph Showing Percent of Range

This graph displays the "percent of range" of the school's values for the last three years. The percent of range reflects where the school's value falls between the bottom and top of the range. In mathematical terms, $percent\ of\ range = (school's\ value - bottom\ of\ range) / (top\ of\ range - bottom\ of\ range)$. The colors to the right of the chart display the ranges for the various ratings. The range for Exceeding Target is shown in dark green, Meeting Target is shown in light green, Approaching Target is shown in orange, and Not Meeting Target is shown in red.

Student Progress includes growth metrics based on how students improved on the state tests between 2013 and 2014.

English Median Adjusted Growth Percentile (n=300)

This metric calculates the median adjusted growth percentile of a school's eligible students. A student's growth percentile compares his or her growth to the growth of all students in the City who started at the same level of proficiency the year before.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Math Median Adjusted Growth Percentile (n=303)

This metric calculates the median adjusted growth percentile of a school's eligible students. A student's growth percentile compares his or her growth to the growth of all students in the City who started at the same level of proficiency the year before.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

English Median Adjusted Growth Percentile - School's Lowest Third (n=110)

This metric calculates the median adjusted growth percentile of a school's lowest third of students in prior year English scores. A student's growth percentile compares his or her growth to the growth of all students in the City who started at the same level of proficiency the year before.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Math Median Adjusted Growth Percentile - School's Lowest Third (n=104)

This metric calculates the median adjusted growth percentile of a school's lowest third of students in prior year Math scores. A student's growth percentile compares his or her growth to the growth of all students in the City who started at the same level of proficiency the year before.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Student Achievement is based on results on the 2014 state tests in English and Math, core course pass rates, and measures of next-level readiness.

English - Percentage of Students at Level 3 or 4 (n=311)

This metric shows the percentage of students who are performing at or above proficiency as defined by New York State on Common Core ELA exams in the current year. This is the percentage of students at either Level 3 (proficient) or Level 4 (advanced).

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

English - Average Student Proficiency (n=311)

This metric represents the average (mean) Proficiency Rating in ELA for all students attributed to the school. The Average Proficiency Rating is measured on a scale of 1.00 to 4.50, and is based on students' scale scores on the State exams in ELA.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Math - Percentage of Students at Level 3 or 4 (n=314)

This metric shows the percentage of students who are performing at or above proficiency as defined by New York State on Common Core math exams in the current year. This is the percentage of students at either Level 3 (proficient) or Level 4 (advanced).

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Math - Average Student Proficiency (n=314)

This metric represents the average (mean) Proficiency Rating in Math for all students attributed to the school. The Average Proficiency Rating is measured on a scale of 1.00 to 4.50, and is based on students' scale scores on the State exams in Math.

Peer

School and Peer Values

City

School and City Values

Percent of City Range

Student Achievement is based on results on the 2014 state tests in English and Math, core course pass rates, and measures of next-level readiness.

Percent of Students Passing an English Course (n=298)

This metric indicates the percentage of students in 6th through 8th grade who received a passing grade in a full year course in English.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Percent of Students Passing a Math Course (n=298)

This metric indicates the percentage of students in 6th through 8th grade who received a passing grade in a full year course in Math.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Percent of Students Passing a Science Course (n=298)

This metric indicates the percentage of students in 6th through 8th grade who received a passing grade in a full year course in Science.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Percent of Students Passing a Social Studies Course (n=298)

This metric indicates the percentage of students in 6th through 8th grade who received a passing grade in a full year course in Social Studies.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

Student Achievement is based on results on the 2014 state tests in English and Math, core course pass rates, and measures of next-level readiness.

Percent of 8th Graders Earning High School Credit (n=113)

This metric indicates the percentage of students in 8th grade who have passed a high school level course and the related Regents exam by June of their 8th grade year.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

9th Grade Adjusted Credit Accumulation of Former 8th Graders (n=105)

This metric is based upon the credit accumulation of the school's 2012-13 8th graders who, in 2013-14, attended a NYC DOE high school.

Peer

School and Peer Values

Percent of Peer Range

City

School and City Values

Percent of City Range

The NYC School Survey is administered annually to all parents, all teachers, and students in grades 6–12. Through the survey, these members of school communities respond to questions that gauge their satisfaction with elements of the school’s learning environment. In 2013–14 accountability reports, these responses were reorganized to broadly align to guiding concepts in the Quality Review rubric: the instructional core, school culture, and systems for improvement. Please note that this organization is designed to help school communities better interpret survey responses, but survey responses do not contribute to Quality Review ratings in these categories.

Survey Satisfaction - Instructional Core

This metric shows the average percent of positive responses to the NYC School Survey questions related to the school's instructional core.

Peer

Survey Satisfaction - School Culture

This metric shows the average percent of positive responses to the NYC School Survey questions related to the school's culture.

Peer

City

City

Survey Satisfaction - Systems for Improvement

This metric shows the average percent of positive responses to the NYC School Survey questions related to the school's systems for improvement.

Peer

Attendance

The attendance rate includes the attendance for all K-8 students on a school's register at any point during the school year (September through June).

Peer

City

City

Closing the Achievement Gap measures the extent to which the school serves and succeeds with students in special populations.

	2011-12		2012-13		2013-14

Average of Results (Percent of City Range)				36.5

Closing the Achievement Gap			
Not Meeting Target 19.1 or Lower	Approaching Target 19.2 to 38.0	Meeting Target 38.1 to 60.2	Exceeding Target 60.3 or Higher

This Closing the Achievement Gap section reflects the degree to which the school is helping high-need students succeed. In some cases, schools will not receive a rating in this section because those students make up a very small proportion of the school's student population.

The metric values, listed as "This School's Results," show the school's results with its students in the relevant group. The metric scores, listed as "This School's Results (Percent of City Range)," show how the school's results compared to the rest of the city. A metric will not be scored, however, if those students are a very small proportion of the school—specifically, if "This School's Population Percentage (Percent of City Range)" is less than 25.0% (meaning that the school's population percentage is more than one standard deviation below the citywide average). For these unscored metrics, "This School's Results (Percent of City Range)" will be left blank.

The section score is the average of the school's metric scores, and the section rating is determined by the range that the score falls within, which will be shaded in the ratings table above. A school will not receive a rating, however, if it has fewer than five scored metrics in this section.

This page provides more granular data on student outcomes. While the numbers here do not individually count for points, the detailed deconstruction should provide deeper insight into 2013–14 student outcomes.

State Exam Scores by Grade		AVERAGE STUDENT PROFICIENCY	PERCENTAGE OF STUDENTS AT LEVEL 3 OR LEVEL 4	MEDIAN ADJUSTED GROWTH PERCENTILE
Mathematics				
6th Grade (n = 106)		2.26	7.5%	56.0
7th Grade (n = 94)		2.17	10.6%	74.0
8th Grade (n = 114)		2.36	14.0%	67.5
English				
6th Grade (n = 107)		2.14	5.6%	52.0
7th Grade (n = 92)		2.30	16.3%	80.5
8th Grade (n = 112)		2.42	17.9%	61.5
Science				
8th Grade (n = 106)		2.84	47.2%	.

Chronic Absenteeism	PERCENTAGE OF STUDENTS SCHOOLWIDE	AVERAGE OF SCHOOLS CITYWIDE
Students With Less Than 90% Attendance (n = 339)	26.3%	23.4%

High School Readiness Indicators						
% of 8th Graders Earning High School Credit						
FORMULA:	(% taking accelerated courses) X (% taking accelerated courses who passed) =	% EARNING HIGH SCHOOL CREDIT
ALL SUBJECTS:	(27.4%) X (0.0%) =	0.0%
MATHEMATICS:	(0.0%) X (.) =	0.0%
SCIENCE:	(0.0%) X (.) =	0.0%
LANGUAGE OTHER THAN ENGLISH:	(27.4%) X (0.0%) =	0.0%

Long-Term Growth Percentile	THIS SCHOOL'S RESULTS	PEER AVERAGE	CITY AVERAGE
English (n = 110)	50.0	56.3	61.1
Mathematics (n = 111)	54.0	51.9	58.9

Each school's performance is compared to the performance of schools in its peer group. Peer schools are those New York City public schools with a student population most like this school's population, according to the peering characteristics. Each school has up to 40 peer schools (except for K-8 schools, which have up to 30 peer schools).

Peer groupings are created using a matching methodology that examines the mathematical difference between a school and all potential peers on the peering characteristics. Schools with the smallest difference across all the characteristics are peered together.

DBN	SCHOOL	AVERAGE ENGLISH PROFICIENCY	AVERAGE MATH PROFICIENCY	% STUDENTS WITH DISABILITIES	% OVERAGE
04M825	Isaac Newton Middle School for Math & Science	2.40	2.66	24.7%	4.3%
