The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school's practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the Middle School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child's current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW (From Directory)

East Side Middle is a highly successful, nurturing community in which our teachers work to help our students to better understand the world in which they live so they can begin to act upon that knowledge to make that world a better place for all. With authenticity as our goal, we teach our students to develop the habits of mind in the disciplines they are studying. Our students learn to think as professional writers and read as literary critics and editors; they learn to study the past as historians and the natural world as scientists. They learn how to evaluate and weigh the evidence in the disciplines they study and critique arguments in those disciplines...
