The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school's practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the High School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child's current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW (From Directory)

At Pelham Lab High School we encourage you to ask questions such as “what keeps an electron spinning?” and “how do we know the difference between right and wrong?” As a student of Pelham Lab, it is not enough to simply say that electrons travel around an atomic nucleus or that something is correct. Asking the right questions is equally important as knowing the right answers. We believe that by encouraging you to ask deep questions, by engaging you in creative experiences outside of the classroom and by ensuring that your social, academic and emotional needs are met, you will achieve the challenging but worthwhile goals in your future life.

KEY:

QUALITY REVIEW

An evaluation of the school by an experienced educator based on a formal school visit. The educator observes classrooms and engages in conversations with parents, students, teachers, and school leaders to assess schoolwide practices. The Quality Review provides specific feedback to support the school's efforts. The Quality Review information displayed here reflects the most recent year that a Quality Review was conducted at this school. Some schools will not have Quality Review information if they opened within the last two years or if their most recent review took place prior to August 2010.
