The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school’s practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the Middle School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child’s current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

We are proactive about the intellectual, social and moral growth of our community of students and see ourselves as helping to raise smart and thoughtful teenagers. Parents appreciate that their children are pushed both in terms of their academics and their personal responsibility. They appreciate our small class size and strong sense of community. Parents like that we work in collaboration towards their child's success. We follow the principles of the Coalition of Essential Schools, including personalized learning and teaching students to use their minds well...
