The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school’s practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the Middle School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child’s current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW (From Directory)

NSLA's mission is to provide every student with an academically rich curriculum that prepares them for high school and college. Our school provides students with a safe learning environment that nurtures leadership development. Students are provided opportunities to demonstrate their artistic talents and intelligence by participating in science fairs, talents shows, and art exhibits. Students excel through the use of technology throughout the curriculum and involvement in YouthMedia and Gamestar Competitions. Every student is assigned a school counselor in sixth grade who works with the student, parents, and teachers to ensure a successful middle school experience. Our students take monthly trips throughout the U.S. and the world via our new state-of-the-art Distance Learning Center.

KEY:

QUALITY REVIEW

An evaluation of the school by an experienced educator based on a formal school visit. The educator observes classrooms and engages in conversations with parents, students, teachers, and school leaders to assess schoolwide practices. The Quality Review provides specific feedback to support the school's efforts. The Quality Review information displayed here reflects the most recent year that a Quality Review was conducted at this school. Some schools will not have Quality Review information if they opened within the last two years or if their most recent review took place prior to August 2010.

Most Recent Quality Review:

March 20-21, 2012

Principal at Time of Review:

Dolores Peterson

How interesting and challenging is the curriculum?

How effective is the teaching and learning?

How well does the school assess what students are learning?

How clearly are high expectations communicated to students and staff?
