**2013-2014**

The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school’s practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the High School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child’s current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

## SCHOOL OVERVIEW (From Directory)

The Academy of Urban Planning helps students use their leadership abilities to achieve academic success. We work to forge a lasting spirit of community where students, parents and guardians are welcome, teachers and staff work collaboratively and all are engaged as partners to provide an exemplary education for our students. We provide students with the academic and social tools they need to pursue goals by stimulating their interests in learning, discovery and self-expression. The urban planning, theme-based curriculum takes students out of the classroom and into their communities to develop skills that will move them toward higher education and careers, while at the same time tapping into their innate curiosity towards the world around them.

**KEY:**

**QUALITY REVIEW**

An evaluation of the school by an experienced educator based on a formal school visit. The educator observes classrooms and engages in conversations with parents, students, teachers, and school leaders to assess schoolwide practices. The Quality Review provides specific feedback to support the school's efforts. The Quality Review information displayed here reflects the most recent year that a Quality Review was conducted at this school. Some schools will not have Quality Review information if they opened within the last two years or if their most recent review took place prior to August 2010.
