The School Quality Snapshot provides families with information about the quality of a school by taking a balanced look at the school's practices, environment, and performance. The report is based on multiple measures, including a review by an experienced educator, survey responses of students, teachers, and parents, and a variety of achievement and progress measures. The report also helps families identify what the school is doing well and areas for doing better.

This report, along with the High School Directory, can help families with the school admissions process by helping them identify which schools best meet the interests and needs of their child. The Snapshot also provides useful information to families about their child's current school so that families can have meaningful conversations with school leaders about how to make the school a better place to learn.

SCHOOL OVERVIEW (From Directory)

Our mission is to engage students through inventive problem-solving that integrates exciting technological innovations and the habits of mind that prepare them for the future. Our graduates will be innovative thinkers who are able to use and apply cutting-edge technology. Graduates will be both college and career ready, prepared in one of the three following fields: Digital Animation and Design, Information Technology & Systems, or Software Engineering & Programming. In addition to these specialized areas, students will engage in other fun and innovative technologies, including video filming and editing, audio production, engineering, gaming, software design, and robotics. Teaching and learning take place in a technology-rich environment with laptops available during and after school.

KEY:

QUALITY REVIEW

An evaluation of the school by an experienced educator based on a formal school visit. The educator observes classrooms and engages in conversations with parents, students, teachers, and school leaders to assess schoolwide practices. The Quality Review provides specific feedback to support the school's efforts. The Quality Review information displayed here reflects the most recent year that a Quality Review was conducted at this school. Some schools will not have Quality Review information if they opened within the last two years or if their most recent review took place prior to August 2010.
