School Overview

Middle School 88, located in Park Slope, is a leading barrier-free community school. Students learn in an intimate instructional setting in one of three small learning communities that are each connected to a distinct theme: The School for Integrated Studies through the Arts, The School for Media Arts Research and Technology, and The School for Medical and Health Careers. M.S. 88 is the leading iZone school with a high tech School of One math program. We serve as a model for blended learning in the city and with the League of Innovative Schools. Twice a year students focus on an integrated project-based unit of study that takes them out of the classroom for realworld authentic learning. Topics range from green geo-engineering, to labor issues, to disaster management. Our innovative blended learning and university partnerships have led us to grand prize wins in national STEM competitions such as Samsung Solve for Tomorrow, KenKen, and Lego robotics. ...
