School Overview

Our school is designed to encourage and foster the achievement of young women in math, science, and technology. Our challenging and innovative curriculum uses inquiry-based models of learning to actively engage students and to teach persistence in the pursuits of learning. Our partners connect our students with mentors that inspire them to challenge their self-perceptions and the stereotypes that currently exist for women in math and science. Additionally, our free after school program provides unique opportunities for our students. Urban Assembly Institute of Math and Science (UAI) students possess the skills needed to be successful in high school and college and to make the choices that positively impact their lives.
