School Overview

The mission of Highland Park Community School (HPCS) is to cultivate leaders and bold thinkers that create innovative solutions for local and global problems. Our scholars work on real-world projects that have a positive impact on the community. Students like these projects because they provide opportunities to tackle important social issues, make a difference in their community, and most of all, be creative and have fun while they apply new skills. Our scholars benefit from rigorous, exploratory instruction that prepares them for the best high schools and provides the foundation needed for college and career. Our Advisory program supports students' social and emotional needs, and guides them as they develop and act on Individual Goal Plans (IGPs) focused on academic and personal goals. We encourage parent involvement that goes beyond attending PTA meetings - family members are encouraged to join us on field trips, fundraise, participate on projects, and come in to support our initiatives. ...
