School Overview

At M.S. 131, all students are valued as individuals with many talents and expertise. Students are challenged in many ways, not just academically. Throughout their middle school journey, students are encouraged to develop their voices in the academics and through their participation of school events and activities. Students are well supported by the teachers and administration in all areas. Parents have confidence that we are using research-based best practices to ensure that all students achieve their best. They feel welcome by a school that responds to their concerns and needs. We also offer a unique three-year arts program where students major in one of three areas: Visual Art, Dance, and Instrumental Music. In September 2015, we will open our first dual language program (English/Mandarin) in grade 6. ...
