School Overview

"We are a community of learners focused on success. We encourage our students to take risks, to try their best and to take advantage of the opportunities offered at our school. We take pride in the small school community where each student is treated as an individual and known on a first name basis by all teachers. The students say, ""The teachers are very understanding and supportive. They care about us and point us in the right direction."" In order to meet the Common Core Standards the curriculum used are Scholastic Code-X for ELA and Pearson CMP3 for Math. In Social Studies and Science we focus on hands-on project based learning where students are expected to demonstrate mastery through presentations and group work. All of our classrooms are equipped with Smart Board technology. We have a technology lab, science lab and a fully equipped gymnasium. ...
