School Overview

As a learning community, we believe strongly in providing students with a rigorous and challenging common core aligned curriculum to promote continuous academic achievement while addressing the social and emotional development of each student. We are the recipients of numerous awards for excellence on city and state assessments and many of our eighth grade students are accepted into prestigious specialized and screened high schools. We offer a Regents course in Integrated Algebra Math for high school credit. Through grant funding, we have three 'state of the art' science labs, two computer labs, History/Media Lab and Spanish Lab. Our students benefit from numerous partnerships throughout the city including Urban Advantage, Mount Sinai Hospital, Columbia University, New York Cares, Carmel Hill, Horticultural Society, Harlem RBI, and Harlem Center. ...
