#### KEY:

### School Overview

We provide students with a small school environment where they are challenged to do excellent academic work as well as to grow socially and emotionally. They are well supported and prepared to succeed and contribute to the local and global communities. Faculty members are skilled in providing personalized education, supported by strong Advisory. We value student voice, diversity, collaboration, and parental engagement. Through collaboration with Princeton-Blairstown Center (PBC), City College of New York (CCNY), Global Kids (GK), and the Museum of Natural History, all students are supported in more fully understanding the benefits and requirements of college life and a post-secondary education. This commences in the sixth grade when every student is taken to visit the Princeton University Campus to speak with college students so that they may get firsthand information about college life. ...
