School Overview

At "New Tech," we offer our students a personalized learning experience and empower them to take ownership of that experience. A caring faculty works as a team and in partnership with parents to contribute to each child's success. Small class sizes and a variety of support services for students allow us to meet the needs of each learner while pushing them to conquer the challenges of the Common Core State Standards. Our teachers use our state-of-the-art computer lab and other technology-based instructional resources that offer students targeted support and challenging learning-extension opportunities. In addition to SMART Technology and individual laptops, students use iPad minis to enhance their access to these unique opportunities. While infusing our students' academic experience with technology, New Tech implements Common Core-aligned curricula in a way that gives students ownership of their learning.
