## I.S. 061 Leonardo Da Vinci (24Q061)

### Framework for Great Schools

Research shows that schools strong in the six areas are far more likely to improve student learning.

#### KEY:

### School Overview

Students in our school are fully immersed in differentiated instruction that targets their individual learning needs. In addition, students are given the opportunity to participate in special monthly events as a reward for focusing on their academics (e.g. dances, game nights, and trips). Students are able to select up to two talent activities each school year. Parents in our school appreciate the academy structure of our building. Through this set-up, I.S. 61 is able to create five schools within a school that foster a nurturing environment for our students. Each academy is set up with its own dean, guidance counselor, assistant principal, and staff of teachers, therefore creating a small learning community. This makes for easy distribution of information regarding the instructional needs of each child to his/her parent/guardian and increases communication between family and staff. ...
