School Overview

In carrying out our mission to prepare all of our students for the rigors of high school, college, and 21st century careers, we offer our students opportunities to take several Regents exams. Our curricula and instruction in all major subject areas are aligned with the Common Core Learning Standards. We are excited about our developing STEM program available to incoming students (includes LEGO Robotics). Additionally, we offer our students a wide variety of activities in the areas of sports, arts, and community service in partnership with the Greater Ridgewood Youth Council Beacon Program.
