School Overview

At Marie Curie Middle School, we provide challenging instruction in a nurturing environment. Our teachers address the Common Core Learning Standards by infusing technology into our curriculum so our students achieve at their maximum potential and are equipped with the knowledge to enter college. We have a state of the art computer lab; Smart Boards and iPads are accessible to each class. Our students have many opportunities to showcase their literary and artistic talents. To keep parents informed about their child's progress we utilize School Messenger, e-mail distribution, and PupilPath, an online grading system. PupilPath gives parents access to their child's progress and they can communicate with teachers on a daily basis. We offer afterschool programs 5 days a week through our partnership with the Samuel Field Y Beacon Program. ...
