## P.S./I.S. 218 Rafael Hernandez Dual Language Magnet School (09X218)

### Framework for Great Schools

Research shows that schools strong in the six areas are far more likely to improve student learning.

#### KEY:

### School Overview

We are a K-8 school that offers students the opportunity to be immersed in two languages (English and Spanish). Students spend half of their time learning content information in English and the other half learning in Spanish. Our goal is to have students become bi-literate, meaning that they can engage in academic work in both languages. Our middle school students engage in math, science, and/or social studies in English and Spanish. Through a wide variety of experiences, students view the world through a global perspective. Whether communicating with college students abroad or conducting research for a company like Time Inc., our students use the skills learned in the classroom in authentic ways. Students thrive in an environment that empowers them towards a self-directed future: a future that enables them to be productive citizens who respect and embrace linguistic and cultural differences. ...
