School Overview

We help new learners of English develop the language and academic skills necessary for success in college and careers through content-based English as a Second Language. Students and teachers work collaboratively on experiential and interdisciplinary projects which they present to students, teachers, the larger school community, and outside visitors. All students complete a ten-week career internship in a field of interest during the spring of eleventh grade. We are an iZone 360 and Digital Ready school and take pride in incorporating technology into every class. The Brooklyn International High School is an Apple Distinguished Program, recognized by Apple for innovation, leadership, and educational excellence. We believe that our students' and families' native languages and cultures are an asset to our school and we are proud to learn from and about them.
