ASSESSMENT MEMORANDUM #6, 2007-2008

DATE: January 8, 2008

TO: PRINCIPALS OF ALL SCHOOLS

FROM: Jennifer Bell-Ellwanger, Executive Director  
Content and Assessment Support & Summative Assessments  
Office of Accountability (OA) 

SUBJECT: REGENTS COMPETENCY TESTS - JANUARY 2008

---

**OVERVIEW**

The procedures detailed in this memorandum are intended to assist schools with the administration of the Regents Competency Tests (RCTs) in Reading, Writing, Science, Mathematics, US History and Government, and Global Studies. RCTs may be administered only to those students who have this clearly stated in an IEP or 504 Plan.

**THE RCT IN WRITING OF GRADUATING SENIORS WHO SCORED 60 AND ABOVE WILL NO LONGER BE SENT TO THE STATE EDUCATION DEPARTMENT FOR RESCORING.**

**PLEASE NOTE:**

The procedures in this memorandum supersede any directions you may receive from the New York State Education Department (SED).

Graduation requirements are determined by the year the student entered 9<sup>th</sup> grade, regardless of the language of the school system the student attended. (For specifications, see Attachment #1.)

Schools will scan RCT answer documents in-house and submit scores to the High School Scheduling & Training (HSST). Refer to the content memoranda attached, for specific instructions on the scanning, packaging, and storage of answer documents.

RCTs for graduating seniors must be completely hand scored. Grades should be kept on file at the high school.

**SECURITY**

It is important that all SED regulations and procedures related to the security of examinations be followed. SED examinations are to be stored and distributed in accordance with specified procedures.

Pre-slugged answer documents (pre-printed with student biographical information) will be provided by the Scan Center for students who have not met competency requirements.

Teachers in schools using pre-slugged/pre-printed answer documents must verify that the student is given the correct answer document, pre-slugged with that student's biographical data. This is critical since the data will be posted to the student whose bio data appear in the pre-slugged fields.

By February 4<sup>th</sup>, chests are to be **RETURNED** to the Test Distribution Unit, State Education Dept., Cultural Education Center, Empire State Plaza, Albany, NY 12230. Include all restricted test booklets and any other materials requested by the SED.

To facilitate the distribution of information to department chairpersons, this memorandum is organized by color and subject area. Chairpersons should receive all of the pages pertaining to their specific area of responsibility. Below is a summarized administration calendar of all RCTs. Please distribute this memorandum as appropriate.

**Student Cheating:** Do not permit students to obtain information from or give information to other students in any way during the test. If you suspect that such an attempt has occurred, warn the students that any further attempts will result in the termination of their tests. If necessary, move the students to another location. If these steps fail to end attempts to obtain or give information, notify the principal immediately and terminate the students' tests. At the conclusion of the test, all suspected cheating must be reported to the principal. If, in the judgment of the principal, a student has given aid to or obtained aid from another person during the test, the principal must follow the school's disciplinary procedure for student cheating and invalidate the student's test. In addition, the principal must report the incident to the SED by fax to (518) 402-5596. Invalidated tests may not be scored.

RCT In Mathematics

SPECIFIC INSTRUCTIONS FOR RESPONSE SIDE

JANUARY 2008

Use only the GRAY New York City answer document

This test contains a total of 60 questions divided into two parts. In Part A there are 20 completion questions for which the student is to provide the answers. In Part B, there are 40 multiple choice questions for which the student is to select the correct answer and fill it in from among the four choices given. These items will be machine scored along with the first 20 items which must be graded or corrected and the R (right) or W (wrong) bubble filled in by teachers. Parts A and B will constitute the student's total score. **DO NOT BUBBLE IN INK OR RED PENCIL!**

Part A must be graded in the school in the presence of a teacher using the scoring stencil provided by the SED. Enter all student responses by filling in the bubble "R" for right answers, and "W" for wrong answers in the columns adjacent to each student response. If the student leaves an item blank, the "w" must be entered. The student will not receive credit for a correct response unless the "R" is completely filled in using a soft lead #2 pencil.

If questions 1-20 are not graded, the answer documents will be scored and reported as "1-20 invalid", and students who may have passed will not be given appropriate credit!

and  
RCT in Global Studies

JANUARY 2008

Specific Instructions

---

Please refer to the New York State Education Department (SED) School Administrator's Manual for information regarding the purpose of the examination and who is to be tested.

This memorandum gives you the specific details pertaining to the receipt and storage of the New York City answer documents for these examinations. **DO NOT USE SED** answer documents for these examinations.

Those students entering 9th grade for the first time in Fall 1998 and thereafter will be required to take a US History and Government and a Global Studies Regents to satisfy High School graduation requirements.

SUBJECT:

RCT in US History and Government  
Wednesday, January 23, 2008 at 9:15 a.m.

RCT in Global Studies  
Friday, January 25, 2008 at 9:15 a.m.

---

**IMPORTANT NOTES:** **Students who first entered ninth grade in September 1998 and there after:** The RCTs in reading, writing, mathematics, global studies, and United States history and government, as well as the NLWT, will not satisfy requirements for a local high school diploma. These students must pass the comprehensive Regents examination in English and Regents examinations in mathematics, global history and geography, and United States history and government in order to satisfy assessment requirements in those content areas for a local high school diploma.

**Absentees - DO NOT SCAN** answer documents for students who are **absent** for tests.

**Scoring & Scanning** - In Part 2 the students must choose two of four essays, each worth 10 points. Each school will arrange for hand scoring these essays. The Part 2 **total** raw score (maximum 20 points) **must be entered and bubbled on to the New York City answer documents** (see sample). High schools are responsible for in-house scanning of US History & Government and Global Studies answer documents. Store for one year. Student scores must be updated on the High School Scheduling & Training (HSST).

**IT IS THE PRINCIPAL'S RESPONSIBILITY TO MAKE SURE ALL OF PART 2 ESSAYS ARE AVAILABLE IF REQUESTED. STORE FOR ONE YEAR.**

**Security** - All SED regulations and procedures related to the security of examinations must be followed. The State Education Department has stated that it will make unannounced visits to schools after the delivery and during the administration of examinations. All New York State examinations are to be stored and distributed in accordance with required procedures.

**Translations** - All alternative language editions of the RCT History and Government and the RCT in Global Studies should be hand scored at the student's high school (**see attachment #2**). Student scores must be updated on the High School Scheduling & Training (HSST). No tests (actual or photocopies) are to be kept in the school for instructional purposes.

These tests contain two parts. Part 1 has 50 multiple choice questions for which the student is to select the correct choice and fill it in from among the four choices given. In Part 2 the students must choose two of four essays, each worth 10 points. Each school will arrange for hand scoring these essays. The Part 2 total raw score (maximum 20 points) must be entered and bubbled in on the NYC answer documents. If these questions are not graded in the school, and correctly entered in the appropriate areas using a soft #2 pencil, students who may have passed will not be given appropriate credit!
