**ANNUAL ARTS IN SCHOOLS REPORT 2006-2007**

**This Annual Arts in Schools Report provides baseline data for:**  
 School: M414  
 2007-2008 Principal: DARLENE MILLER

**INSIDE THIS REPORT**

The Annual Arts in Schools Report is a new tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report measures two areas:

**Student Access to and Participation in Arts Education**

Uses surveys and information from DOE databases to understand if students are meeting the New York State Instructional Requirements for the Arts. In addition, this section reports on questions asked in the Learning Environment Surveys about arts education.

**Resources to Support Arts Education**

Uses information from DOE databases and surveys to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising, and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in June 2007 and including information from the New York City Department of Education’s databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education’s effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>.

Joel I. Klein  
 Chancellor, New York City Department of Education
