This Annual Arts in Schools Report provides data for:

School: 08X014
 2008-2009 Principal: Jason Kovac

INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

Student Access to and Participation in Arts Education

Uses survey information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the Learning Environment Surveys about arts education.

Resources to Support Arts Education

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2009 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards: <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>.

Joel I. Klein
 Chancellor, New York City Department of Education

New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.¹

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed New York City schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

Description of School's Arts Programs

This school has submitted the following description of its arts program:

Our school currently offers all forms of arts. Students in grades K to 5 receive visual arts once a week for the entire school year. The kindergarten and 1st grade students also participate in ALLL by L.E.A.P., a program that incorporates arts and literacy. A kindergarten and 1st grade class are taking part in our first dance program. Students in grades K to 5 also receive music once a week for the duration of the school year. Periwinkle National Theater provides theater to 2nd and 5th grade students for 13 sessions per year. During the 2008 to 2009 school year, we were able to increase some of our school time arts programming due to a grant we received with the help of the arts organization, L.E.A.P. We also offer Puppetry, Leaping into Literature, Cartooning, Recorder, Afro-Brazilian Self Defense/Dance through Leap and Scratch through Vision Ed to students after school. We look forward to being able to expose students to all arts opportunities and hope to increase programming for next year.

- Learning Environment Survey data are based on responses from schools where students provided responses to the 2008/2009 Learning Environment Survey and are based on the perception of students about the arts in this school. For more information on how well this school supports student learning in the arts, please visit the 2008- 2009 Learning Environment Survey which is located on the Statistics section of this school’s website.
- Schools may have more than six arts and cultural service providers, but due to space constraints we were unable to list all of the arts or cultural organizations with which they work.
