ANNUAL ARTS IN SCHOOLS REPORT 2009-2010

This Annual Arts in Schools Report provides data for:

School: 75M401
2009-2010 Principal: Mary Maher
Arts Education Liaison: Eileen Lever

INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

Student Access to and Participation in Arts Education

Uses survey information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the Learning Environment Surveys about arts education.

Resources to Support Arts Education

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2010 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.¹

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

Description of School's Arts Programs

This school has submitted the following description of its arts program:

Hospital Schools is unique in that instruction takes place in 41 hospitals throughout New York City and Westchester serving 4000 students per year. Hospital Schools provides educational services for all school-aged students, K-12, whether public, private or parochial in both general and special education. Our population consists of students who are hospitalized with chronic/acute, medical, rehabilitative, multiple disabilities and psychiatric conditions. Instruction is provided at bedside and in small groups. Our student population is transient due to the nature of hospitalization based on medical and psychiatric need. Our art programs have allowed the students to explore their world and make connections, but most importantly have proved to be a way of expressing themselves and responding to others. This year, we focused our residencies at the Psychiatric and Rehabilitation sites. These partnerships provided multi-sensory arts instruction integrating academic and behavioral instruction to increase our students' interactions. For many of our students, this is their only form of communication. Other students were able to work towards improving their impulse control, following directions, cooperation and socialization.

School Progress in Meeting New York State Education Requirements

In 2009-2010, students in grades Pre-K and Kindergarten received instruction in the following arts disciplines by school-based staff:

ARTS DISCIPLINE	PRE-K STUDENTS RECEIVED INSTRUCTION	KINDERGARTEN STUDENTS RECEIVED INSTRUCTION
Dance	Yes	Yes
Music	Yes	Yes
Theater	Yes	Yes
Visual Arts	Yes	Yes

Note: New York State does not have a specific instructional hour requirement in the arts for Pre-K and Kindergarten students.

This table reflects the average arts instruction hours per student on an annual basis provided by school-based arts teachers, classroom teachers and/or staff from arts and cultural organizations.

Grade	DANCE			MUSIC			THEATER			VISUAL ARTS

Notes

- The Annual Arts in Schools Report is based upon self-reported data submitted by schools
- Throughout this report, N/A signifies that data does not apply or was not available.
- Throughout this report, a blank field represents “none” or no data provided.
- Learning Environment Survey data are based on responses from schools where students provided responses to the 2009/2010 Learning Environment Survey and are based on the perception of students about the arts in this school. For more information on how well this school supports student learning in the arts, please visit the 2009-2010 Learning Environment Survey which is located on the Statistics section of this school's website.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Percentages of the Learning Environment Survey data may not add up to 100 percent due to rounding. The percentages are not based on a student response rate of 100%.

Definitions

- For District 75, Standard assessment students are students who participate in city-wide testing. Alternate assessment students do not participate in city-wide testing.
- For a detailed description of what an appropriately equipped arts classroom is, please refer to the Blueprint for Teaching and Learning in the Arts, <http://schools.nyc.gov/offices/teachlearn/arts/blueprint.html>.
- A blackbox theater is a simple, unadorned performance space, usually a large square room with black walls and a flat floor.
- General or core music is a broad-based study of music including music making, literacy, connections to world cultures, community resources and careers and life-long learning.
- “Pull-out” programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
