## ANNUAL ARTS IN SCHOOLS REPORT 2011-2012

**This Annual Arts in Schools Report provides data for:**

School: 25Q022

2011-2012 Principal: Priscilla Milito

Arts Education Liaison: David Paterson

### INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

#### **Student Access to and Participation in Arts Education**

Uses survey information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the School Survey about arts education.

#### **Resources to Support Arts Education**

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2012 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.<sup>i</sup>

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

### Description of School's Arts Programs

#### **This school has submitted the following description of its arts program:**

PS 22 believes that the arts are integral to successful learning. Two full-time arts teachers (music and visual arts), and two cultural organizations, (strings and dance) provide our students with a variety of arts experiences that address goals/objectives embedded in the Blueprint for the Arts. Additionally, a common branch teacher who has had college courses in theater pushes in to classes offering students experiences in theater. Severe budget constraints necessitated thinking out of the box. To ensure that every student is involved in the arts, children are scheduled for music and visual arts a minimum of every 7 days. Utilizing a Monday-Friday schedule for over 755 students did not allow students to engage in arts regularly. The 7 day cycle remedied this problem so that students never have gaps in arts instruction. Cultural organizations (ballroom dancing, dance, and strings) and art/music clubs further enriches art education. All classes are encouraged to organize school trips to the cultural organizations that can offer additional enrichment in the arts.
