## ANNUAL ARTS IN SCHOOLS REPORT 2011-2012

**This Annual Arts in Schools Report provides data for:**

School: 26Q098

2011-2012 Principal: Sheila Huggins

Arts Education Liaison: Julius Adams

### INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

#### **Student Access to and Participation in Arts Education**

Uses survey information to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the School Survey about arts education.

#### **Resources to Support Arts Education**

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2012 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.<sup>i</sup>

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the exit exam in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

#### **Description of School's Arts Programs**

**This school has submitted the following description of its arts program:**

The arts program at PS98Q is designed to ensure that all art forms are provided to as many students as possible through the years at the school.

Music is the primary art form in which students receive full-year instruction in all grades, starting with general music in younger grades and moving through music reading and instrument instruction - recorder (3rd grade), guitar (4th grad - and culminating in a 5th grade seminar on music history, science and music, and the importance of music in world cultures.

A Select Chorus of twenty (20) students, chosen by audition from third through fifth grade students, rehearses three times a week and performs two times at school, as well as outside the building for elderly citizens in nursing homes and children in hospitals.

The first and second grades are required to perform in a year end show called SING. The third and fourth grade students perform in a year-end concert with their instruments, along with the Select Chorus.

Arts education is provided in other art forms - visual, theater and dance arts - by outside vendors.

All arts instruction is aligned with other subject matter (i.e.: social studies) to provide connections to the broader world and enhance meaning for students.
