## ANNUAL ARTS IN SCHOOLS REPORT 2012-2013

**This Annual Arts in Schools Report provides data for:**

School: 02M630

2012-2013 Principal: Eric Strauss

Arts Education Liaison: Elma Reingold

### INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

#### **Student Access to and Participation in Arts Education**

Uses survey information from the NYCDOE Annual Arts Education Survey and databases to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the NYCDOE School Survey and the NYS Basic Educational Data System (BEDS) Survey about arts education.

#### **Resources to Support Arts Education**

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2013 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.<sup>i</sup>

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the Commencement Assessment in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

### Description of School's Arts Programs

#### **This school has submitted the following description of its arts program:**

The High School of Art and Design is a commercial art high school located in New York city's design district. Our curriculum is prepared in collaboration with our industry partners and Post-secondary educational institutions. We specialize in preparing students for a career in art. All our students receive at least two periods of art instruction daily for all four years they are enrolled at the school. Most of our art programs which include Architectural Design, Cartooning and Animation, Graphic Design and Illustration, Digital Photography, Film and Video, and Fashion Design are NYS CTE certified programs. Students are required to learn the Adobe and AutoCAD software programs combined with rigorous art instruction. Our students are encouraged to participate in internships available through various arts organizations and professional partnerships. They compete in competitions throughout the city as well as national and international competitions. All students display their artwork in both the Kenny and Sky Galleries and in some outside venues. Our graduating students are accepted into all the major colleges and universities throughout the country. Our facilities mirror the state of the art equipment used in industry.

## Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2012-2013 NYCDOE Annual Arts Education Survey, unless otherwise noted.
- Data on students in grades 6-12 participating in arts classes were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Full-time certified teacher data are based on schools' responses to the 2012-2013 NYS Basic Education Data System (BEDS) survey.
- School Survey data are based on responses from schools where students provided responses to the 2012-2013 School Survey and are based on the perception of students about the arts in this school. For more information on how well this school supports student learning in the arts, please visit the 2012-2013 School Survey which is located on the Statistics section of this school's website. Percentages of the School Survey data may not add up to 100 percent due to rounding. The percentages are not based on a student response rate of 100%.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

## Definitions

- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
