## ANNUAL ARTS IN SCHOOLS REPORT 2012-2013

**This Annual Arts in Schools Report provides data for:**

School: 75X186

2012-2013 Principal: Ava Cara Kaplan

Arts Education Liaison: Hope Gibson

### INSIDE THIS REPORT

The Annual Arts in Schools Report is a tool for school leaders to understand their delivery of arts education to every child in their school. Each Annual Arts in Schools Report is based upon responses submitted by schools and provides valuable information about two areas:

#### **Student Access to and Participation in Arts Education**

Uses survey information from the NYCDOE Annual Arts Education Survey and databases to understand if students are meeting the New York State Instructional Requirements for the Arts as well as the experiences, resources and facilities used to support arts learning in each school. In addition, this section reports on questions asked in the NYCDOE School Survey and the NYS Basic Educational Data System (BEDS) Survey about arts education.

#### **Resources to Support Arts Education**

Uses survey information to understand the resources that schools are allocating for arts education. This section includes information on certified arts teachers, arts and cultural organization services, space for arts learning, arts fundraising and professional development opportunities for teachers.

Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the Annual Arts Education Survey in May 2013 and includes information from the New York City Department of Education's databases.

The Annual Arts in Schools Report is an important part of the New York City Department of Education's effort to ensure that schools are providing students with the high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Requirements for Arts Education

At the elementary level, in grades 1-6, the New York State Education Department (NYSED) requires that students receive instruction in dance, music, theater and visual arts in every grade. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.<sup>i</sup>

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8, one half-unit of study in visual arts and one half-unit of study in music. NYSED has allowed schools to offer any two of the art forms to meet the requirements.

At the high school level, the New York State Education Department requires that all students graduate having taken one unit or two credits in the arts (dance, music, theater and/or visual arts). High schools have the option of offering a three or five year sequence in any one of the four art forms. Students who complete five units in a single art form and successfully complete the Commencement Assessment in that art form are eligible to receive a Regents Endorsed Diploma with advanced designation in the arts.

### Description of School's Arts Programs

#### **This school has submitted the following description of its arts program:**

P186X Arts Program follows the Blue Print for Teaching in the Arts. Our special needs students thrive when involved in project-based activities and an enriched arts program. P186X continues to close the achievement gap amongst our students. P186X believes that our students are best served by a variety of visual arts experiences, in the classroom as well as having multiple opportunities to venture out to community based cultural institutions. In addition, our Arts Program is also fortunate to have the opportunity to work collaboratively with ESL and Speech Teachers. Students are engaged in art learning through literacy ESL projects which brings another dimension to both disciplines, which supports a creative environment. Making connections through the arts reinforces literacy skills, enhances social-emotional skills and cultural and historical significance of art and apply these skills and knowledge to interpreting the world.

**School Progress in Meeting New York State Education Requirements**

In 2012-2013, students in Kindergarten received instruction in the following arts disciplines provided by school-based arts teachers, classroom teachers and/or staff from arts and cultural organizations:
