Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

Our school is fortunate enough to have an art program that services PK-5. Students learn about and study works of art from famous artists and use them as text to interpret the style of the artists. The students create many different art disciplines such as drawing, painting, sculpture, print-making and collage. Our students get to display their various works of art at several art shows throughout the school year. In addition, our students participate in art contests and last year, a kindergartener created a work of art that was selected to be displayed at the PS Art 2013 exhibition at the Metropolitan Museum of Art. This year a kindergartener and first grader were semi-finalists in PS Art 2014. Also this year, one of our 4th graders won the Brownstone Agency Christmas Holiday Card Award. Our art program fosters creativity and allows students to express themselves through various forms of art.
