Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:
 IS 52 is comprised of two academies: The Visual and Performing Arts and the S.E.A.S. Academy that focuses on various types of sciences. Both academies are full academic programs; however, each academy specializes in different electives: The Visual and Performing Arts academy offers a three year sequence of study to students that wish to pursue their studies in the arts. The students perform at venues throughout Manhattan, as well as participate in several performances throughout the school year within the school and local community. Students receive five periods (3.75 hours) per week in their concentrated art area. The S.E.A.S. academy also receives arts instruction, but on a smaller scale. Both academies are exposed to trips, cultural events, after school activities, and additional training if interested. Presently we have the only marching band in Manhattan.

Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2013-2014 NYCDOE Annual Arts Education Survey.
- Data on students in grades 6-12 participating in arts classes, high school sequences, middle school and high school arts requirements were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- School Survey data are based on responses from schools where students provided responses to the 2013-2014 School Survey and are based on the perception of students about the arts in this school. For more information on how well this school supports student learning in the arts, please visit the 2013-2014 School Survey which is located on the Statistics section of this school's website. Percentages of the School Survey data may not add up to 100 percent due to rounding. The percentages are not based on a student response rate of 100%.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
