Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

We currently have an Arts Leadership Team comprised of students, teachers, and administrators. The team works towards our Arts Mission Statement and goals set early in the year. They organize programs, events and opportunities for both students and teachers around the arts. We highlight teacher strengths in the arts even if they are not certified as an arts teacher. Teachers take these strengths and create programs during and after-school in addition to sharing in teacher teams to build capacity in the arts. Our school environment consists of an arts gallery, "The Belmont Art Gallery," located in a hallway/bridge where all grades and programs are represented. Hallways, bulletin boards, and classrooms also come alive with arts. We have developed strong collaborations with our arts partners, particularly Dreamyard, who have assisted in deepening the work around the arts disciplines.
