Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

### This school has submitted the following description of its arts program:

At P.S. 114, we are proud to say that the learning extends far beyond the borders of the classroom. P.S.114X envisions providing the students, parents and staff with opportunities to participate in drama, music, art and cultural activities that are age and grade appropriate. We hope to continue getting the services of outside professional artists who will conduct hands-on class workshops and on stage performances for the students. We envision having celebrations in which the community is invited, showing the visual and performing arts, such as stage performances and arts fairs. The students can display their creativity through video, computer, musical and artistic displays. We would like to encourage and bring out the talent within our students while providing a foundation and love for the arts.
