Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2014 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

### This school has submitted the following description of its arts program:

The arts department has worked hard to strike a balanced approach in our middle school arts curriculum. As students move from sixth grade to seventh, we encourage them to commit to a two-year sequence in one of the arts. Yet, as sixth graders, they experience two half-year arts classes so that they can make a more informed choice about the longer commitment. We are blessed with truly gifted arts teachers who provide rich classroom instruction; these teachers also provide authentic performance experiences at our Winterfest Arts Festival and our Springfest Arts Festival. In high school there are opportunities for advanced work in clay, as well as an AP Visual Arts class, in addition to high school core art classes. We are proud of the array of arts experiences available to our students in grades 6-12.

## Arts Disciplines Provided

This school reported providing the following arts disciplines to each of the following grades:
