Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

### This school has submitted the following description of its arts program:

PS 130 is a diverse multicultural community dedicated to academic excellence and artistic expression. Our multicultural and linguistic diversity enrich students' experiences, nurturing students' talents and abilities. The collaboration efforts with our arts partners Arts Connection, Music and the Brain and Carnegie Hall, promote and support artistic talents in all our students. Grants from AmpUpNYC and VHI have also supported our school's band program.

PS 130 also integrates the arts into in-depth social studies units at each grade level. A sub-committee of the PTA dedicated to enriching arts education in the school has provided mentoring, volunteers, and supplies to teachers in order to support these classroom projects. Examples of projects at each grade level are the following: a mixed-media mural project focused on gardens (kindergarten), a collage project showing the parts of snakes (first grade), creating subway mosaics (second grade), learning ancient Chinese calligraphy (third grade), making plaster relief prints of Egyptian gods (fourth grade), and a photography project focused on family immigration stories (fifth grade).
