Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

William A. Butler Elementary is committed to the encouragement of both the performing and visual arts. Our arts programs are based on New York State requirements and standards for arts learning, and guided by New York City's Blueprint for Teaching and Learning in the Arts. In music, pre-k students learn to improvise using Orff instruments. K-2 musicians learn piano, making valuable links to developing language, reading, math and cognition. Students in 3rd grade extend this learning playing the recorder. 4th Grade students learn guitar and drumming. 5th graders concentrate their energy on performance and assessment on the violin. Drama class is a time for students to use their imaginations to tell stories, create characters and flex their creative muscles. Pre-K and kindergarten classes focus on creative drama using movement and music to tell stories and explore characters. First and second grade classes learn about the actors tool box which includes the body voice, imagination, concentration and collaboration. All students explore storytelling through tableau, pantomime, puppetry and improvisation. The upper grades begin musical theater which includes Shakespeare. The skills children acquire through Visual Arts not only engage their creativity but also make them better problem solvers and critical thinkers. Students create works in paint, sculpture, collage and print making. Our cultural partners provide new and exciting ways for our students to express themselves.

Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2014-2015 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
