Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

## School's Arts Program Description

### This school has submitted the following description of its arts program:

P.S.219 music and visual arts students enjoy putting on numerous performances and musicals throughout the school year showcasing their abilities to sing, dance, act and memorize extensive musicals and play scripts. They also benefit from a diverse and challenging curriculum that is informed by the Common Core Learning Standards and "The New York City Department of Education Blueprint for Teaching and Learning in the Arts." This includes specialized coursework that connects music and the visual arts to the other academic learning strands (Math, ELA, Science, Social Studies, etc.). Students in Pre- Kindergarten through grade 5 receive weekly instruction in the visual arts and music. Through differentiated instruction, the curriculum addresses the needs of our ELL's and SWD's. The visual arts and music programs present standard-based, rigorous and creative approaches to these disciplines. The visual arts program culminates in our yearly Art Show, which has received critical acclaim in the local community newspaper. The arts program delves deeply into the common core subjects while giving students in Grades Pre-K through Fifth the latitude to participate in an instructional program that demonstrates student learning over time in varied dimensions. The music and visual arts program motivates students to go beyond the walls of the classroom and encourages them to take advantage of the rich resources available across New York City in museums, concerts, venues, galleries, performance spaces and theaters.

## Notes

- The Annual Arts in Schools Report is based on schools' responses to the 2014-2015 NYCDOE Annual Arts Education Survey as well as from NYCDOE databases.
- Data on arts instruction provided by school-based teachers to students in Kindergarten through sixth grade were retrieved from the NYCDOE Scheduling, Transcripts, and Academic Reporting System (STARS) database.
- Data on sixth through twelfth grade students participating in arts classes; high school sequences; the NYSED middle school arts requirement; and the NYSED high school arts requirements were retrieved from the NYCDOE STARS database.
- Full-time certified teacher data were retrieved from the NYCDOE Division of Human Resources.
- All data are based on arts instruction offered during the school day. This Annual Arts in Schools Report does not report on after school, weekend, and summer arts education.
- Throughout this report, a blank field represents "none" or no data provided.

## Definitions

- "Pull-out" programs refer to those school day instructional activities that are scheduled for groupings of students across a grade or grades and not by official class.
- An Individualized Education Plan (IEP) describes the special education and related services specifically designed to meet the unique educational needs of a student with a disability. An IEP is the guiding document for a student's educational program. It includes all of the goals, objectives, present levels of performance and related services that are recommended for the student.
