Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

School's Arts Program Description

This school has submitted the following description of its arts program:

PS 236 continues to look at various art programs for its students so that all students are able to receive a well-rounded education. We continually look towards grants and other avenues that will help support the arts and look to include all four modalities -- dance, theater, music and art. Residencies in both dance and music have added to our school enrichment program, as well as classroom teachers offering instruction in dance and art. Art fairs, chorus performances, and dance showcases have provided students with a forum, and dedicated audience, that allow each student to prosper and be successful in their own individual way. Each student is able to showcase their own unique talent and ability. We are dedicated to the arts and will continue these efforts in the upcoming school year.
