Dear School Community,

This report provides a view of the arts education opportunities you are providing for your students based on your responses to the *Annual Arts Education Survey* in May 2015 and includes information from the New York City Department of Education's databases.

The *Annual Arts in Schools Report* is an important part of the New York Department of Education's efforts to ensure that schools are providing students with high-quality arts education they need and deserve. The report has been created to help school leaders, parents, and teachers understand how they can improve student learning in the arts, building on the Blueprint for Teaching and Learning in the Arts which provides detailed PreK-12 curricula aligned with State standards:

### New York State Guidelines and Requirements for Arts Education

The New York State Education Department (NYSED) has specific guidelines and requirements for arts instruction.

At the elementary level, in grades PreK-6, students should receive instruction in dance, music, theater, and visual arts. In addition, NYSED recommends that students spend a specific allocation of hours learning in the arts.

At the middle school level, in grades 7 and 8, the NYSED expects that students achieve, by the end of grade 8 one half-unit in dance, music, theater, or visual arts, and second half-unit in a second arts discipline.

At the high school level, the NYSED requires that all students graduate having taken at least two credits in the arts (dance, music, theater, and/or visual arts).

### School's Arts Program Description

**This school has submitted the following description of its arts program:**

This year we are very happy to have a full time dance teacher and a visual arts teacher. Visual arts and dance have being incorporated into our school curriculum. Our staff make sure that our students participate in daily visual arts and dance activities. The entire school population has embraced PBIS every morning with our school song. In addition, every Friday students participate in various dance lessons with points they earned for positive behavior.

Along with the monthly shows highlighting student artwork, our visual art teacher seeks out opportunities for students to compete in citywide contests.

The curricular themes that students and staff present is reinforced with our Saturday Family Program. This is a great opportunity for students, parents and staff to come together and engage in scaffolded arts activities. Students have participated in trips to museums and dance performances to support curricular learning. We work diligently to use the limited arts funding and supplement with PA funds and other school funds to provide opportunities through cultural arts organizations. As always, our partnership with the Brooklyn Conservatory of Music is a weekly highlight for participating students.
